Flexible Training Solutions

TLI21815 Certificate II in Logistics

Duration:
This program is typically delivered over 12-24 months.

Projects:
We believe to get the most out of a program, training should be applicable to a trainees job role. Projects directly impact and relate to your business.

Workplace mentors:
a workplace mentor will be assigned from within your business. This ensures that knowledge and skills are reinforced throughout the program.

TLI21815 Certificate II in Logistics

Overview:
This qualification reflects the role of individuals working in a support role in the transport and logistics industry. They are part of a team undertaking a range of known tasks and procedures within their logistics role.

Individuals at this level work under supervision to receive and despatch goods, check documentation, and deliver a service to customers. They follow occupational health and safety procedures and have a good understanding of workplace information and operations.

Course delivery & structure:
Delivery underpins our philosophy that work is the learning and learning is the work. We deliver a combination of formal training sessions and mentoring. We utilise a mix of on-the-job observation and questioning, and workplace based projects throughout our assessment tasks.

Participants are encouraged to challenge their existing knowledge and extend their boundaries whilst they expand their skill base.

To successfully attain the TLI21815 Certificate II in Logistics, students are required to complete a total of eleven (11) units of competency, comprising of:

- 4 core units;
- 3 technical elective units, and;
- 4 elective units, of which:
  - up to 3 units may be selected from any currently endorsed Training Package or accredited course at the same qualification level.
